All prices are subject to 17.5% Vat

The Lewis Tower is proving itself to be a great success in the market with its ease of erection and versatility. Short erection time allows the user to get on with the job quickly.

Lewis Tower carries the KITEMARK symbol and is manufactured and tested to:

BS1139 Part 3 (1994)  
BS EN 1004 (2004)

All equipment is manufactured under BSEN ISO 9001

Available in Single (850mm) & Double (1450mm) width, with platform lengths of either 1.8m or 2.5m.

All towers come complete with 6" locking castors, outriggers (where required), toe boards, adjustable legs and guardrails ect. Available from 1.2m to 12.2m platform heights.
